Silicon Labs Announces Fourth Quarter and Full Year 2020 Results

-- Record Fourth Quarter Revenue Sets the Stage for an Even Stronger 2021 --

AUSTIN, Texas, Feb. 3, 2021 /PRNewswire/ -- Silicon Labs (NASDAQ: SLAB), a leading provider of silicon, software and solutions for a smarter, more connected world, today reported financial results for its fourth quarter ended January 2, 2021. Revenue exceeded the top end of the guidance range at\$242.9 million, up from \$221.3 million in the third quarter. Revenue for the full year was\$886.7 million, up from \$837.6 million in 2019. Fourth quarter GAAP and non-GAAP diluted earnings per share (EPS) were \$0.20 and \$0.84, respectively. Full year GAAP and non-GAAP diluted EPS were\$0.28 and \$3.01, respectively.

"Fourth quarter revenue set a record at \$242.9 million resulting in 10% sequential growth and full year revenue grew 6% over 2019," saidTyson Tuttle, CEO of Silicon Labs. "Our IoT products led the way with a second consecutive quarter of record revenue. We exited the year with momentum, and we are looking forward to an even stronger 2021."

Fourth Quarter Financial Highlights

- <u>loT</u> revenue increased to \$147.4 million, up 11% sequentially and 15% year-on-year.
- Infrastructure and Automotive revenue increased to \$95.5 million, up 8% sequentially and 4% year-on-year.

On a GAAP basis:

- GAAP gross margin was 58.4%.
- GAAP R&D expenses were \$74 million.
- GAAP SG&A expenses were \$50 million.
- GAAP operating income as a percentage of revenue was 7.3%.
- GAAP diluted earnings per share was\$0.20.

On a non-GAAP basis, excluding the impact of stock compensation, amortization of acquired intangible assets, restructuring charges, non-cash interest expense and other costs associated with convertible notes, and certain other items as set forth in the reconciliation tables below:

- Non-GAAP gross margin was 58.6%.
- Non-GAAP R&D expenses were \$58 million.
- Non-GAAP SG&A expenses were \$39 million.
- Non-GAAP operating income as a percentage of revenue was 18.7%.
- Non-GAAP diluted earnings per share were \$0.84.

Product Results

- Announced <u>Z-Wave Long Range</u> (LR) support for existing Z-Wave 700 Series products. Z-Wave LR is a new specification by the Z-Wave Alliance,
 offering point-to-point wireless connectivity up to several miles away with scalability to support thousands of nodes from a single smart home network. Z-Wave LR eliminates the need for mesh repeaters, saving time and money for developers and end customers.
- Announced a portfolio expansion of pre-certified wireless modules specifically designed to address modern needs of IoT application development. The
 portfolio consists of the only modules in the industry with full stack support for multiprotocol solutions to enable commercial and consumer IoT
 applications, with flexible package options and highly integrated device security. Silicon Labs' new modules include xGM210PB, BGM220, MGM220, and
 BGX220 Xpress. The xGM210PB includes Secure Vault technology and PSA level 2 certification.

Business Highlights

- Announced a collaboration with Orvibo, a leading provider of artificial intelligence-driven smart home products, systems, and solutions, to develop a new
 line of smart home devices using Silicon Labs' Wireless Gecko Series 2 SoCs. Orvibo's latest MixPad smart panels leverage Silicon Labs' SoCs to
 reliably connect smart home control panels and switches to many applications including automated lighting, curtain, HVAC systems, and wireless home
 security devices.
- Extended <u>ClockBuilder Pro</u> to support configuration and control of our IEEE 1588 modules, helping customers accelerate time to market and simplify
 design. Our IEEE 1588 modules are used in communications, smart grid, financial trading systems and industrial applications that need a consistent,
 reliable time reference between devices operating over Ethernet networks.
- Announced a new high reliability isolation partnership with Teledyne Technologies, a leading provider of high-performance, high-reliability semiconductors
 for the aerospace and defense markets. Under the new agreement, Teledyne will market custom high reliability solutions based on Silicon Labs' Si827x
 isolated gate driver family. These solutions are optimized for space, aerospace, military, energy and other markets requiring advanced technology and
 high reliability.
- Awarded Gold in 2020 LEAP Awards for Secure Vault. Silicon Labs products with Secure Vault were the first SoC and module with a radio to earies A
 Level 2 security certification.

Business Outlook

The company expects first quarter revenue to be in the range of \$237 to \$247 million, with both IoT and Infrastructure & Automotive approximately flat to fourth quarter, and estimates the following:

On a GAAP basis:

- · GAAP gross margin at approximately 58.1%.
- GAAP operating expenses at approximately \$126 million.
- · GAAP effective tax rate of 0.0%.
- GAAP diluted earnings per share between \$0.05 and \$0.15.

On a non-GAAP basis, excluding the impact of stock compensation, amortization of acquired intangible assets, acquisition related charges, restructuring charges, non-cash interest expense and other costs associated with convertible notes, and certain other items as set forth in the reconciliation tables below:

- Non-GAAP gross margin at approximately 58.2%.
- Non-GAAP operating expenses at approximately \$100 million.
- Non-GAAP effective tax rate at 13.0%.
- Non-GAAP diluted earnings per share between \$0.70 and \$0.80.

Webcast and Conference Call

A conference call discussing the quarterly results will follow this press release at7:30 a.m. Central time. An audio webcast will be available on Silicon Labs' website (www.silabs.com) under lnvestor Relations. A replay will be available after the call at the same website listed above or by calling 1 (877) 344-7529 (US) or (412) 317-0088 (International) and entering access code 10145993. The replay will be available through March 3, 2021.

About Silicon Labs

Silicon Labs (NASDAQ: SLAB) is a leading provider of silicon, software and solutions for a smarter, more connected world. Our award-winning technologies are shaping the future of the Internet of Things, Internet infrastructure, industrial automation, consumer and automotive markets. Our world-class engineering team creates products focused on performance, energy savings, connectivity and simplicity. silabs.com

Forward-Looking Statements

This press release contains forward-looking statements based on Silicon Labs' current expectations. The words "believe." "estimate." "expect." "intend." "anticipate," "plan," "project," "will" and similar phrases as they relate to Silicon Labs are intended to identify such forward-looking statements. These forwardlooking statements reflect the current views and assumptions of Silicon Labs and are subject to various risks and uncertainties that could cause actual results to differ materially from expectations. Among the factors that could cause actual results to differ materially from those in the forward-looking statements are the following: the impact of COVID-19 on the U.S. and global economy, including the restrictions on travel and transportation and other actions taken by governmental authorities and disruptions to the business of our customers or our global supply chain that have occurred or may occur in the future, the ongoing impact of COVID-19 on our employees and our ability to provide services to our customers and respond to their needs; risks that Silicon Labs may not be able to maintain its historical growth; quarterly fluctuations in revenues and operating results; difficulties developing new products that achieve market acceptance; risks associated with international activities (including trade barriers, particularly with respect to China); intellectual property litigation risks; risks associated with acquisitions and divestitures; product liability risks; difficulties managing Silicon Labs' distributors, manufacturers and subcontractors; dependence on a limited number of products; absence of long-term commitments from customers; inventory-related risks; difficulties managing international activities; risks that Silicon Labs may not be able to manage strains associated with its growth; credit risks associated with its accounts receivable; dependence on key personnel; stock price volatility; geographic concentration of manufacturers, assemblers, test service providers and customers in Asia that subjects Silicon Labs' business and results of operations to risks of natural disasters, epidemics or pandemics, war and political unrest; debt-related risks; capital-raising risks; the competitive and cyclical nature of the semiconductor industry; average selling prices of products may decrease significantly and rapidly; information technology risks; cyberattacks against Silicon Labs' products and its networks and other factors that are detailed in the SEC filings of Silicon Laboratories Inc. Silicon Labs disclaims any intention or obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. References in this press release to Silicon Labs shall mean Silicon Laboratories Inc.
