Silicon Labs Announces Record IoT Revenue for Fourth Quarter 2021

IoT Leader Enters 2022 With Strong Momentum Across Wireless Portfolio

AUSTIN, Texas, Feb. 2, 2022 /PRNewswire/ -- Silicon Labs (NASDAQ: SLAB), a leader in secure, intelligent wireless technology for a more connected world, reported strong financial results for the fourth quarter, which ended January 1, 2022. Revenue exceeded the top of the guidance range at\$209 million, up 13% sequentially and 43% year-on-year. Fourth quarter and annual results herein are from "continuing operations" unless explicitly stated.

"I'm proud of the team's disciplined execution as we transitioned to focus solely on the Internet of Things. We delivered record IoT revenue and gained momentum across our entire wireless portfolio," said Matt Johnson, President, and Chief Executive Officer. "We're well-positioned to take advantage of the accelerating IoT growth across smart home, medical, industrial, and commercial segments in 2022."

Fourth Quarter Financial Highlights

• Revenue increased to \$209 million, up 13% sequentially and 43% year-on-year

Results on a GAAP basis:

- GAAP gross margin was 61.3%
- GAAP R&D expenses were \$72 million
- GAAP SG&A expenses were \$53 million
- GAAP operating income as a percentage of revenue was 1.3%
- GAAP diluted earnings per share were \$0.13

Results on a non-GAAP basis, excluding the impact of stock compensation, amortization of acquired intangible assets, restructuring charges, non-cash interest expense and other costs associated with convertible notes, and certain other items as set forth in the reconciliation tables were as follows:

- Non-GAAP gross margin was 61.4%
- Non-GAAP R&D expenses were \$57 million
- Non-GAAP SG&A expenses were \$37 million
- Non-GAAP operating income as a percentage of revenue was 16.3%
- Non-GAAP diluted earnings per share were \$0.77

Business Highlights

- In January, Silicon Labs announced the <u>BG24</u> and <u>MG24</u> 2.4 GHz wireless SoCs and a new software toolkit that bring <u>Al/ML</u> acceleration and wireless high performance to battery-powered edge devices. Matter-ready, the ultra-low-power BG24 and MG24 families support multiple wireless protocols and incorporate PSA Level 3 <u>Secure Vault™</u> protection, important for diverse smart home, medical and industrial applications.
- In Q4, Silicon Labs launched our new Z-Wave 800 SoCs and modules for the Z-Wave smart home and automation ecosystem. This expansion on the company's award-winning Series 2 platform provides developers with sub-GHz connectivity for Z-Wave Mesh and Z-Wave Long Range, which is ideal for the smart home as well as multi-dwelling units, hospitality, and lighting applications while supporting both devices and gateways.
- Silicon Labs is proud to be named the Global Semiconductor Alliance's Most Respected Public Semiconductor Company among our peers, a testament to our strong performance and values. We were also ranked one of the best companies to work for in our industry based on the annual Great Place to Work survey of our employees.
- On January 27, 2022, Silicon Labs' board of directors approved a new share repurchase program that authorizes the company to buy back up t\$250 million of the
 company's common stock through the end of the fiscal year.
- Silicon Labs announced that Sherri Luther, Chief Financial Officer of Lattice Semiconductor (NASDAQ: LSCC), joined Silicon Labs' board of directors effectiveJanuary 2, 2022. Sherri is a well-respected industry leader, bringing 30 years of experience in mergers and acquisitions, global supply chain optimization, and deep financial expertise. Additionally, Sumit Sadana was appointed Lead Director for Silicon Labs. Sumit succeeds Bill Wood, who remains a member of the board. Sumit currently serves as Executive Vice President, Chief Business Officer, and interim Chief Financial Officer at Micron Technology (NASDAQ: MU).

Business Outlook

The company expects first quarter revenue to be in the range of \$220 to \$230 million. The company also estimates the following results:

On a GAAP basis:

- · GAAP gross margin of approximately 63%
- GAAP operating expenses of approximately \$128 million
- GAAP effective tax rate of approximately 37%
- GAAP diluted earnings per share to be between\$0.15 to \$0.25

On a non-GAAP basis, excluding the impact of stock compensation, amortization of acquired intangible assets, and certain other items as set forth in the reconciliation tables:

- Non-GAAP gross margin of approximately 63%
- Non-GAAP operating expenses of approximately \$105 million
- Non-GAAP effective tax rate of approximately 30%
- Non-GAAP diluted earnings per share between\$0.58 to \$0.68

Earnings Webcast and Conference Call

Silicon Labs will host an earnings conference call to discuss the quarterly results and answer questions at 3.30 am CDT today. An audio webcast will be available on Silicon Labs' website (www.silabs.com) under In addition, the company will post an audio recording of the event at silabs.com/investors and make a replay available through March 2, 2022, online or by calling (877) 344-7529 (US) or (412) 317-0088 (international) and entering access code 4909009.

About Silicon Labs

Silicon Labs (NASDAQ: SLAB) is a leader in secure, intelligent wireless technology for a more connected world. Our integrated hardware and software platform, intuitive development tools, thriving ecosystem, and robust support make us an ideal long-term partner in building advanced industrial, commercial, home and life applications. We make it easy for developers to solve complex wireless challenges throughout the product lifecycle and get to market quickly with innovative solutions that

Forward-Looking Statements

This press release contains forward-looking statements based on Silicon Labs' current expectations. The words "believe," "estimate," "expect," "intend," "anticipate," "plan," "project," "will," and similar phrases as they relate to Silicon Labs are intended to identify such forward-looking statements. These forward-looking statements reflect the current views and assumptions of Silicon Labs and are subject to various risks and uncertainties that could cause actual results to differ materially from expectations. Among the factors that could cause actual results to differ materially from those in the forward-looking statements are the following: the effect of the Skyworks transaction on the ability of Silicon Labs to retain and hire key personnel and maintain relationships with its customers, suppliers, advertisers, partners and others with whom it does business, or on its operating results and businesses generally; risks associated with the disruption of management's attention from ongoing business operations due to such transaction; the timing and scope of anticipated share repurchases, and/or dividends; the impact of COVID-19 on the U.S. and global economy, including the restrictions on travel and transportation and other actions taken by governmental authorities and disruptions to the business of our customers or our global supply chain that have occurred or may occur in the future, the ongoing impact of COVID-19 on our employees and our ability to provide services to our customers and respond to their needs; risks that Silicon Labs may not be able to maintain its historical growth; quarterly fluctuations in revenues and operating results; difficulties developing new products that achieve market acceptance; risks associated with international activities (including trade barriers, particularly with respect to China); intellectual property litigation risks; risks associated with acquisitions and divestitures; product liability risks; difficulties managing and/or obtaining sufficient supply from Silicon Labs' distributors, manufacturers and subcontractors; dependence on a limited number of products; absence of long-term commitments from customers; inventory-related risks; difficulties managing international activities; risks that Silicon Labs may not be able to manage strains associated with its growth; credit risks associated with its accounts receivable; dependence on key personnel; stock price volatility; geographic concentration of manufacturers, assemblers, test service providers and customers in Asia that subjects Silicon Labs' business and results of operations to risks of natural disasters, epidemics or pandemics, war and political unrest; debt-related risks; capital-raising risks; the competitive and cyclical nature of the semiconductor industry; average selling prices of products may decrease significantly and rapidly; information technology risks; cyber-attacks against Silicon Labs' products and its networks and other factors that are detailed in the SEC filings of Silicon Laboratories Inc. The level of share repurchases and/or dividends depends on market conditions and the level of other uses of cash. Silicon Labs disclaims any intention or obligation to update or revise any forward-looking statements, whether as a result of new information, future events, or otherwise. References in this press release to Silicon Labs shall mean Silicon Laboratories Inc.

Non-GAAP Financial Measurements

In addition to the GAAP results provided throughout this document, Silicon Labs has provided non-GAAP financial measurements on a basis excluding non-cash and other charges and benefits. Details of these excluded items are presented in the tables below, which reconcile the GAAP results to non-GAAP financial measurements.

The non-GAAP financial measurements do not replace the presentation of Silicon Labs' GAAP financial results. These measurements provide supplemental information to assist management and investors in analyzing Silicon Labs' financial position and results of operations. Silicon Labs has chosen to provide this information to investors to enable them to perform meaningful comparisons of past, present and future operating results and as a means to emphasize the results of core on-going operations.
