Silicon Labs Reports First Quarter 2023 Results

IoT leader delivers in-line results and expands industry-leading Series 2 platform

AUSTIN, Texas, April 26, 2023 /PRNewswire/ -- Silicon Labs (NASDAQ: SLAB), a leader in secure, intelligent wireless technology for a more connected world, reported financial results for the first quarter, which ended April 1, 2023. Revenue met the mid-point of the guidance range at \$247 million, up 6% year-on-year, driven in part by strength across our Bluetooth portfolio.

"The Silicon Labs team executed well in the first quarter, furthering our leadership position within IoT through deep customer and industry relationships," said Matt Johnson, President and Chief Executive Officer at Silicon Labs. "With a challenging macro backdrop, we are focused on driving operational efficiencies, supporting new customer ramps, and investing in the people and products that will allow us to outperform the market and capture the exciting growth potential ahead."

First Quarter Financial Highlights

- Revenue was \$247 million, up 6% year-on-year
- Industrial & Commercial revenue for the guarter was \$151 million
- Home & Life revenue for the quarter was \$96 million
- Gross margin was 62.3%

Results on a GAAP basis:

- GAAP gross margin was 62.3%
- GAAP R&D expenses were \$89 million
- GAAP SG&A expenses were \$45 million
- GAAP operating income as a percentage of revenue was 8%
- GAAP diluted earnings per share were \$0.41

Results on a non-GAAP basis, excluding the impact of stock compensation, amortization of acquired intangible assets, and certain other items as set forth in the below GAAP to Non-GAAP reconciliation tables were as follows:

- Non-GAAP gross margin was 62.5%
- Non-GAAP R&D expenses were \$70 million
- Non-GAAP SG&A expenses were \$37 million
- Non-GAAP operating income as a percentage of revenue was 19%
- Non-GAAP diluted earnings per share were \$1.12

Business Highlights

- Announced general availability for our flagship FG25 sub-Ghz SoC. The FG25 is ideal for long-range, low-power
 communications, capable of broadcasting more than 1km with minimal data loss in dense, urban environments. With WiSUN certification, the FG25 also supports high data bandwidth of up to 3.6 Megabits per second, which is critical for
 enabling the large networks needed by smart cities where the nodes can number in the thousands.
- Announced a new integrated circuit family designed for the smallest form factor IoT devices: the xG27 family of Bluetooth SoCs. The xG27 family offers IoT device designers the energy efficiency, high performance, security, and wireless connectivity ideal for tiny, battery-optimized devices like connected medical devices, wearables, asset monitoring tags, and smart sensors.
- Silicon Labs announced the availability of its Pro Kit for Amazon Sidewalk, which has been developed to simplify the development process, reduce costs, and accelerate time to revenue for Amazon Sidewalk devices. As one of Amazon Sidewalk's only three qualified hardware partners for developing Amazon Sidewalk devices, our Pro Kit provides all the necessary tools for developing high-volume, scalable IoT applications. It is also designed to support the development of wireless IoT-based devices on Bluetooth and sub-GHz wireless protocols for Amazon Sidewalk. The Pro Kit for Amazon Sidewalk was also recently awarded Embedded Computing Design's Best in Show Award at the Embedded World Conference in Nuremberg, Germany, in March.
- Issued a notice of redemption on our outstanding 2025 convertible notes. Prior to the consummation of the redemption,
 the holders of the notes are entitled to convert such notes into shares of our common stock at a rate of 8.6081 shares per
 \$1,000 principal amount of notes. We intend to settle the par value of the notes,\$535M, in cash and any in-the-money

value assignable to the notes in shares. The notes redemption process will be completed on June 20, 2023.

Business Outlook

The company expects second-quarter revenue to be between \$238 to \$248 million. The company also estimates the following results:

On a GAAP basis:

- GAAP gross margin of approximately 60%
- GAAP operating expenses of approximately \$131 million
- GAAP effective tax rate of approximately 34%
- GAAP diluted earnings per share between \$0.35 to \$0.45

On a non-GAAP basis, excluding the impact of stock compensation, amortization of acquired intangible assets, and certain other items as set forth in the reconciliation tables:

- Non-GAAP gross margin to be between 60% and 61%
- Non-GAAP operating expenses of approximately \$106 million
- Non-GAAP effective tax rate of approximately 25%
- Non-GAAP diluted earnings per share between\$0.98 to \$1.08

Earnings Webcast and Conference Call

Silicon Labs will host an earnings conference call to discuss the quarterly results and answer questions at 30 am CDT today. An audio webcast will be available on Silicon Labs' website (www.silabs.com) under lnvestor Relations. In addition, the company will post an audio recording of the event at silabs.com/investors and make a replay available through May 26, 2023, online or by calling (877) 344-7529 (US) or (412) 317-0088 (international) and entering access code 6021433.

About Silicon Labs

Silicon Labs (NASDAQ: SLAB) is a leader in secure, intelligent wireless technology for a more connected world. Our integrated hardware and software platform, intuitive development tools, thriving ecosystem, and robust support make us an ideal long-term partner in building advanced industrial, commercial, home and life applications. We make it easy for developers to solve complex wireless challenges throughout the product lifecycle and get to market quickly with innovative solutions that transform industries, grow economies, and improve lives. silabs.com

Forward-Looking Statements

This press release contains forward-looking statements based on Silicon Labs' current expectations. The words "believe", "estimate", "expect", "intend", "anticipate", "plan", "project", "will", and similar phrases as they relate to Silicon Labs are intended to identify such forward-looking statements. These forward-looking statements reflect the current views and assumptions of Silicon Labs and are subject to various risks and uncertainties that could cause actual results to differ materially from expectations. Among the factors that could cause actual results to differ materially from those in the forward-looking statements are the following: the competitive and cyclical nature of the semiconductor industry; the challenging macroeconomic environment, including disruptions in the financial services industry; geographic concentration of manufacturers, assemblers, test service providers and customers in Asia that subjects Silicon Labs' business and results of operations to risks of natural disasters, epidemics or pandemics, war and political unrest; risks that demand and the supply chain may be adversely affected by military conflict (including between Russia and Ukraine), terrorism, sanctions or other geopolitical events globally (including conflict between Taiwan and China); risks that Silicon Labs may not be able to maintain its historical growth; guarterly fluctuations in revenues and operating results; difficulties developing new products that achieve market acceptance; risks associated with international activities (including trade barriers, particularly with respect to China); intellectual property litigation risks; risks associated with acquisitions and divestitures; product liability risks; difficulties managing and/or obtaining sufficient supply from Silicon Labs' distributors, manufacturers and subcontractors; dependence on a limited number of products; absence of long-term commitments from customers; inventory-related risks; difficulties managing international activities; risks that Silicon Labs may not be able to manage strains associated with its growth; credit risks associated with its accounts receivable; dependence on key personnel; stock price volatility the impact of COVID-19 on the U.S. and global economy; debt-related risks; capital-raising risks; the timing and scope of share repurchases and/or dividends; average selling prices of products may decrease significantly and rapidly; information technology risks; cyber-attacks against Silicon Labs' products and its networks and other factors that are detailed in the SEC filings of Silicon Laboratories Inc. Silicon Labs disclaims any intention or obligation to update or revise any forward-looking statements, whether as a result of new information, future events, or otherwise. References in this press release to Silicon Labs shall mean Silicon Laboratories Inc.

Non-GAAP Financial Measurements

In addition to the GAAP results provided throughout this document, Silicon Labs has provided non-GAAP financial measurements on a basis excluding non-cash and other charges and benefits. Details of these excluded items are presented in the tables below, which reconcile the GAAP results to non-GAAP financial measurements.

The non-GAAP financial measurements do not replace the presentation of Silicon Labs' GAAP financial results. These measurements provide supplemental information to assist management and investors in analyzing Silicon Labs' financial position and results of operations. Silicon Labs has chosen to provide this information to investors to enable them to perform meaningful comparisons of past, present and future operating results and as a means to emphasize the results of core on-going operations.
