Silicon Labs Reports Second Quarter 2024 Results

Wireless IoT leader delivers strong second-quarter growth

AUSTIN, Texas, July 24, 2024 / PRNewswire -- Silicon Labs (NASDAQ: SLAB), a leader in secure, intelligent wireless technology for a more connected world, reported financial results for the second quarter, which ended June 29, 2024.

"Silicon Labs delivered another quarter of strong sequential growth, driven by a combination of design wins ramping to production in several key growth areas, and end customers working down their excess inventory," said Matt Johnson, President and Chief Executive Officer at Silicon Labs. "Looking forward, we expect revenue growth to continue in the third quarter as excess inventory is further reduced, design wins continue ramping, and bookings improve."

Second Quarter Financial Highlights

- Revenue was \$145 million
- Industrial & Commercial revenue for the guarter was \$88 million
- Home & Life revenue for the quarter was \$57 million

Results on a GAAP basis:

- GAAP gross margin was 53%
- GAAP operating expenses were \$125 million
- GAAP operating loss was \$48 million
- GAAP diluted loss per share was\$(2.56)

Results on a non-GAAP basis, excluding the impact of stock compensation, amortization of acquired intangible assets, and certain other items as set forth in the below GAAP to Non-GAAP reconciliation tables were as follows:

- Non-GAAP gross margin was 53%
- Non-GAAP operating expenses were \$102 million
- Non-GAAP operating loss was \$25 million
- Non-GAAP diluted loss per share was\$(0.56)

Business Highlights

- Due to popular demand, Silicon Labs is expanding its fifth annual Works With Developers Conference this fall with live events in San Jose, Hyderabad, and Shanghai. Each event's agenda is tailored to regional market needs and covers key loT topics like Matter, Smart Cities, Al and Machine Learning, and Security.
- Announced Silicon Labs' new xG22E family of wireless SoCs, its first-ever family designed to operate within the ultra-low power envelope required for battery-free, energy harvesting applications. The new family consists of the BG22E, MG22E, and FG22E. As Silicon Labs' most energy-efficient SoCs to date, all three SoCs will enable IoT device makers to build high-performance, Bluetooth Low Energy (LE), 802.15.4-based, or proprietary 2.4GHz. wireless devices for battery-optimized and battery-free devices that can harvest energy from external sources in their environments like indoor or outdoor ambient light, ambient radio waves, and kinetic motion.

Business Outlook

The company expects third-quarter revenue to be between \$160 to \$170 million. The company also estimates the following results:

On a GAAP basis:

- GAAP gross margin to be between 54% to 56%
- GAAP operating expenses of approximately \$123 million to \$125 million
- GAAP diluted loss per share per share between\$(0.95) to \$(1.25)

On a non-GAAP basis, excluding the impact of stock compensation, amortization of acquired intangible assets, and certain other items as set forth in the reconciliation tables:

- Non-GAAP gross margin to be between 54% to 56%
- Non-GAAP operating expenses of approximately \$101 million to \$103 million

Non-GAAP diluted loss per share between\$(0.10) to \$(0.30)

Earnings Webcast and Conference Call

Silicon Labs will host an earnings conference call to discuss the quarterly results and answer questions at 30 am CDT today. An audio webcast will be available on Silicon Labs' website (www.silabs.com) under lnvestor Relations. In addition, the company will post an audio recording of the event at investor.silabs.com and make a replay available through August 24, 2024.

About Silicon Labs

Silicon Labs (NASDAQ: SLAB) is a leader in secure, intelligent wireless technology for a more connected world. Our integrated hardware and software platform, intuitive development tools, thriving ecosystem, and robust support make us an ideal long-term partner in building advanced industrial, commercial, home and life applications. We make it easy for developers to solve complex wireless challenges throughout the product lifecycle and get to market quickly with innovative solutions that transform industries, grow economies, and improve lives. silabs.com

Forward-Looking Statements

This press release contains forward-looking statements based on Silicon Labs' current expectations. The words "believe", "estimate", "expect", "intend", "anticipate", "plan", "project", "will", and similar phrases as they relate to Silicon Labs are intended to identify such forward-looking statements. These forward-looking statements reflect the current views and assumptions of Silicon Labs and are subject to various risks and uncertainties that could cause actual results to differ materially from expectations. Among the factors that could cause actual results to differ materially from those in the forward-looking statements are the following: the competitive and cyclical nature of the semiconductor industry; the challenging macroeconomic environment, including disruptions in the financial services industry; geographic concentration of manufacturers, assemblers, test service providers and customers in Asia that subjects Silicon Labs' business and results of operations to risks of natural disasters, epidemics or pandemics, war and political unrest; risks that demand and the supply chain may be adversely affected by military conflict (including in the Middle East, and between Russia and Ukraine), terrorism, sanctions or other geopolitical events globally (including in the Middle East, and conflict between Taiwan and China); risks that Silicon Labs may not be able to maintain its historical growth; quarterly fluctuations in revenues and operating results; difficulties developing new products that achieve market acceptance: risks associated with international activities (including trade barriers, particularly with respect to China); intellectual property litigation risks; risks associated with acquisitions and divestitures; product liability risks; difficulties managing and/or obtaining sufficient supply from Silicon Labs' distributors, manufacturers and subcontractors; dependence on a limited number of products; absence of long-term commitments from customers; inventory-related risks; difficulties managing international activities; risks that Silicon Labs may not be able to manage strains associated with its growth; credit risks associated with its accounts receivable; dependence on key personnel; stock price volatility; the impact of COVID-19 on the U.S. and global economy; debt-related risks; capital-raising risks; the timing and scope of share repurchases and/or dividends; average selling prices of products may decrease significantly and rapidly; information technology risks; cyber-attacks against Silicon Labs' products and its networks; risks associated with any material weakness in our internal controls over financial reporting; and other factors that are detailed in the SEC filings of Silicon Laboratories Inc. Silicon Labs disclaims any intention or obligation to update or revise any forward-looking statements, whether as a result of new information, future events, or otherwise. References in this press release to Silicon Labs shall mean Silicon Laboratories Inc.

Non-GAAP Financial Measurements

In addition to the GAAP results provided throughout this document, Silicon Labs has provided non-GAAP financial measurements on a basis excluding non-cash and other charges and benefits. Details of these excluded items are presented in the tables below, which reconcile the GAAP results to non-GAAP financial measurements.

The non-GAAP financial measurements do not replace the presentation of Silicon Labs' GAAP financial results. These measurements provide supplemental information to assist management and investors in analyzing Silicon Labs' financial position and results of operations. Silicon Labs has chosen to provide this information to investors to enable them to perform meaningful comparisons of past, present and future operating results and as a means to emphasize the results of core on-going operations.
